

GLASS WALL LAMP BIBE

EL_W_9

One in a series of three lamps designed as a tribute to Eileen Gray – one of the most fascinating and innovative figures from the era of modernism. One of her designs, the so-called Bibendum chair, became our inspiration in creating a lampshade for our own line of lamps, hence the evocative name BIBE.

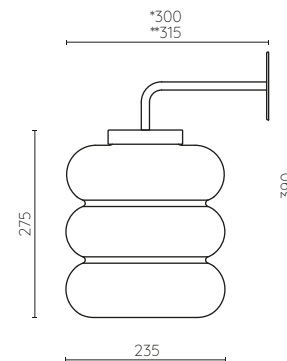

Bibe Lamps are created thinking about refined interiors in which 'less means more'. The feminine geometry of its shape will provide an interesting accent in daytime and become an equally attractive form in the evening.

Glass Wall Lamp Bibe is created for those who would like to add a touch of femininity to the interiors designed in the modernist style.

The lamp is equipped with two types of fixtures to choose from – either an elegant, minimalist flat plaque* (which is needed to hide the wires in the flush-mounted electrical box inside the wall) or a solid two-part rosette bracket** for a standard non-flush connection.

product category	environment	material	voltage
wall lamp	indoor	opaline glass and solid brass	230 v - 50Hz
light source	certifications	fixture 1*	fixture 2**
E27 max 25W	CE Class II IP21	flat plaque	wall rosette

The luminaire is compatible with the bulbs of the energy classes: A++ - E
